Limited warranty

Subject to the exclusions and restrictions in this warranty, Crestron EMEA warrants that if any of its Products are found to exhibit defects in material or workmanship under normal use, so long as customer promptly notifies Crestron EMEA of the defect, Crestron EMEA will, at its sole discretion, either repair the defective Product as long as the parts/components required for repair are commercially available or issue a credit against the purchase price of comparable replacement Product purchased from Crestron EMEA.

Replacement parts for the System either provided by Crestron EMEA, or, at its sole discretion an approved vendor, may be new, used, repaired, reconditioned, and/or made by a different manufacturer.

This warranty does not cover, and Crestron EMEA is not responsible for labor costs to diagnose, remove, repair, replace, reinstall, and/or program any Product.

This warranty shall be null and void, and Crestron EMEA shall have no liability under the terms of this warranty, if the Product has been used in an application or environment other than that for which it was intended or if it has been subjected to misuse, abuse, accidental damage, modification, improper repair or installation procedures, or adverse environmental factors including incorrect line voltages, improper wiring, improperly rated fuses or circuit breakers, insufficient ventilation, or incorrect temperatures, or an act of God. This warranty does not cover any Product that has had the serial number altered, defaced, or removed.

Further, Crestron EMEA shall have no liability for any claims of infringement of any patent, trademark, copyright or other intellectual property for the following: (i) if the Products are used in combination with other third party products or without Crestron EMEA's express authorization; (ii) if the Products were modified by anyone other than Crestron EMEA; (iii) for the use or sale of the Product other than as specified and authorized in Crestron EMEA's documentation; or (iv) for the use or sale of any version of Crestron EMEA software other than the most current version.
